

Mobile application

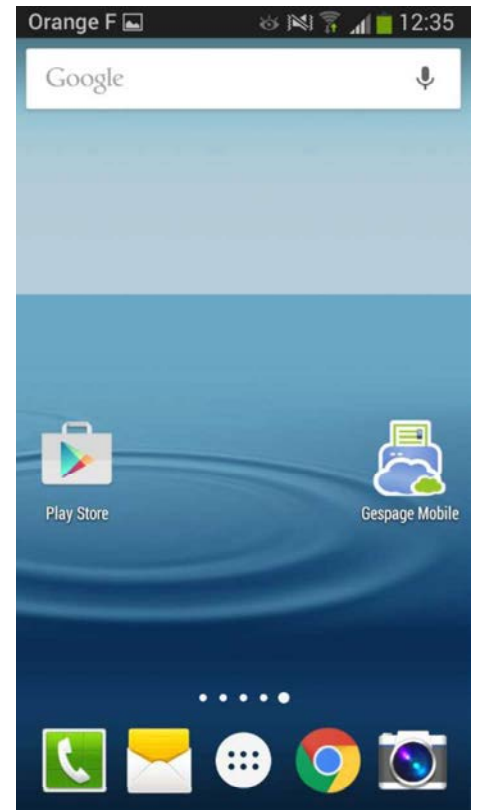

Gespape Mobile also allows to print documents directly from an Android or iOS device (Smartphone / iPhone, Tablet / iPad ...).

Downloading the application

For Android terminals, move to « Play Store » to download « Gespape Mobile » application.

For iOS terminals (iPhone and iPad), move to « App Store » to download « Gespape Mobile » application.

Setting up the application

 A screenshot of the 'Gespape Mobile' app's setup screen. The title bar shows 'Orange F' and the time '12:22'. The screen has a light gray background. At the top left is a hamburger menu icon. The title 'Gespape Mobile' is centered at the top. Below the title is a user profile icon. There are three input fields: 'Location/IP to Gespape' with the value '172.18.224.220' and a circled '1' to its right; 'User name' with the value 'Benutzername' and a circled '2' to its right; and 'Password' with the value 'Passwort' and a circled '3' to its right. At the bottom of the screen is a 'Login' button.

- (1) Fill in the address of Gespape server.
- (2) Indicate your Gespape user name.
- (3) Fill in your password.

Home menu

- (1) Sends the documents to print.
